

Advanced Dentistry and Inventions
Conference and Exhibition
information for organisations willing
to join us this event.

Please read this information before purchasing your ticket.

We are pleased to announce that we are holding our 3rd International Conference named Advanced Dentistry with its Exhibition section on the 22nd July 2023.

The conference will be on a live stream as well as hosting more than 300 dental professionals from dental institutes, postgraduate (Ph.D., ClinDen, MSc, ...) students, and dentists from the private sector.

For the Exhibition section we have allocated area for each of the organisation. Each organisation will have an area about 6m² (3m x 2m) to display your products. We will provide you with a table (\approx 120cm x60cm), a chair (more chairs available via request) and a blue stand for displaying your posters. You can bring your own tables, stands and any other advertising equipment if you require but, please let us know beforehand what you are bringing as we will need to check with Queen Mary University of London that it meets their rules and regulations.

We will be providing refreshments and lunch for organisations participating in our exhibition sector.

In our conference, all organisations will have 3 minutes to introduce themselves to our attendees (both online and in person). If you are one of the organisation who are providing us with a speaker, your speaker will get a 20 minute to present a non-commercial talk on Advanced Dentistry topic. Please note, spaces are limited. Please do not miss this opportunity and book early with us.

In addition, we would interview organisations which later would be released on media.

Each unit stand area is $\approx 4\text{m}^2$ and will cost £500 in total. You can book more than one stand unit.

We will be providing all advertisement materials to all attendees (online and in person) for all organisations who will be exhibiting with us. These advertisement materials will be issued before and after the event.

We would love to see you there.

Please contact us to book your place before purchasing your ticket.
