

Advanced Dentistry & Innovation
Conference and Exhibition
information for organisations willing
to join us this event.

Please read this information before purchasing your ticket.

We are delighted to announce our 6th International Conference titled "Advanced and Innovation Dentistry," accompanied by an Exhibition section, scheduled for Wednesday 19th November 2025.

This esteemed conference will be available via live stream and will also welcome 300 professionals. Our attendees will comprise representatives from dental institutes, postgraduate students (Ph.D., ClinDent, MSc, etc.), and dental clinicians from the private sector.

For the Exhibition section, we have designated specific areas for each participating organization. Every organization will be provided with a space of approximately 3m² (2m x 1.5m) to showcase their products. Each space will be equipped with a table (roughly 120cm x 60cm), a chair (additional chairs available upon request), and a blue stand for poster displays. Organizations are welcome to bring their own tables, stands, and other promotional materials; however, we kindly ask for prior notification regarding the same. This is to ensure that all items align with the regulations of Queen Mary University of London.

Participants in our exhibition segment will be treated to refreshments and lunch.

During the conference, each organization will be allotted 3 minutes for an introductory presentation to our audience, both virtual and physical.

Organizations providing speakers will receive a 20-minute slot for a non-commercial presentation on Advanced Dentistry. Please be advised that speaker slots are limited. To secure your spot, we recommend early registration.

We will also be conducting interviews with participating organizations, which will later be broadcasted in the media.

Each exhibition stand will span an area of roughly 2x2m and is priced at £350. Organisations have the option to book multiple stands.

We will distribute promotional materials to all attendees on behalf of the exhibiting organizations, both pre and post-event.

Your presence would greatly enrich the event, and we hope to see you there.

To secure your participation, please get in touch with us prior to purchasing your ticket.
